RIDER – DARIA KOLOSOVA

## TECHNICAL

- 1 x Solid DJ booth. Ideal height of approximately 100 cm.
- 1 x Pioneer DJM-V10
- 2 x Technics SL1210 MK5 NOTE : *please check with [aimee@meanwhile.nl](mailto:aimee@meanwhile.nl) if turntables are needed*
- 4 x Pioneer CDJ-3000 (Please link all CDJ's via LAN)
- 2 x High power undistorted monitor loudspeakers at ear level, approximately 160-185 cm high. On both sides with enough power and bass. Volume control via the DJ mixer is mandatory
- Table at the back of the booth with table lamp. For searching vinyl records and not having to disappear from the crowd's sight while doing so
- Good sound system. Including the presence of a qualified sound engineer
- 1 x Fan aimed straight to the centre of the DJ booth. Only needed in the presence of high temperatures, of course

*Important: In case any of the above mentioned equipment is not working properly the artist reserves the right to cancel the performance*
